Brief description of boat drill :			
GENERAL CONDITIONS - This is a request form only. Vessels MUST NOT launch the lifeboat without permission from the Port Authority. Permission will be granted by the Port Authority via e-mail confirmation. - In-water lifeboat drill requests should be received no more than 2 hours and at least 1 hr prior to commencement of work. Permission will be granted by the Port Authority at their discretion. - The in-water lifeboat drill will be approved for daylight hours only. - Vessels must advise ROUEN PORT or ROUEN PORT CONTROL (VHF Ch73) prior to commencing and on completion of any lifeboat drill. - The lifeboat must not be lowered or hoisted with personnel on board. - In-water lifeboat drill requests for a vessel will first require approval from the terminal operator. The request must then be sent to the Port Authority for approval, along with evidence of approval from the berth/terminal operator. - All requirements of the vessel's safety management system must be complied with during the in-water lifeboat drill. FREE FALL LAUNCHING IS STRICTLY PROHIBITED. - This document must be signed, stamped and dated by the Master.
